As GPTZero Certified Educator, I held a workshop for PhD students and university educators alike, where I showed this tool for responsible use of beyond of the simple detection of artificial intelligence in writing. I held a workshop on the following items:

- * How to use AI in the day-to-day
- * How GPTZero works
- * How to integrate AI into the workflow for research and teaching at a university level.

Projektorio - Para uso responsável de IA na investigação e ensino

Universidade de Coimbra Centro de Estudos Interdisciplinares do Século XX, Portugal

So, together we reviewed the software that can be used in each of the steps for research, and how to use them ethically and responsibly.
